Finding Us

The Cambridge Research Park is located on the A10 just 7 miles north of Cambridge city centre. Take Junction 33 off the A14 Cambridge northern bypass to follow the A10 towards Ely.

If using GPS you should use the Post Code **CB25 9PD** which will take you to the entrance of the Research Park. Take the second turning off the roundabout in the Park to follow Beach Drive with the lake on your right hand side.

Enterprise is the block of new units on the left hand side and we are located in unit number 6.

The nearest railway station is Waterbeach but Cambridge North station is a suitable alternative. Unfortunately neither has a regular taxi service. Local taxi services can be contacted on 01223 715715 (Panther Taxis) or 01223 704704 (Camcab)
